EDWARD HASEY APPEALS CASE TO PRESIDENT OF THE U. S.

Edward M. Hasey, former local painter and labor agitator, who now resides at Yuba City, this state, but who is registered under the selective draft law for military service in this city, has appealed to President Wilson from the decision of the local exemption board and the appellate board at San Rafael to have his classification changed from Division A, Class 1, to Division B, of Class 3. As grounds for his appeal for change of classification Hasey says he is a member of a well recognized sect whose creed or principle forbids its members to participate in war in any form and whose religious convictions are against war or participation therein.

Hasey denies that he is a member of the I. W. W. and declares that he has never made street speeches for any one or for any purpose, except in 1908 he made speeches for W. J. Bryan and later for the president's election. He naively admits that he did make street speeches for these two candidates.

Continuing his statement of facts to the president, Mr. Hasey declares that District Board at San Rafael intimates a denial of the existence of the Order of Druids, a religious order that has existed continually and immemorably and which should be judicial evidence (we quote his own words) to any judicial officer. He respectfully refers the president of the United States to any encyclopedia, or any work on the World's religions.

In conclusion he says: "That appellant believes that other evidence was introduced pertaining to appellant's character, and to which appellant is unable to answer until he knows what said evidence was; that he has not been given a fair and impartial hearing and that the decisions of the local exemption board and the appellate board at San Rafael are unjust and their procedure irregular and un-American." While he does not believe the law pertaining to the selective draft is constitutional, he demands free and equal rights guaranteed him by the constitution of the United States.

3 INDICTED FOR ARMY CLOTHING FRAUDS

NEW YORK, Feb. 21.—Eight clothing manufacturers, two employees and a clerk in the quartermaster's department of the army were indicted by the federal grand jury here today, charged with being concerned in extensive army uniform cloth frauds.

Cloth and other army supplies worth approximately \$5,000,000 were stolen, according to Lieuten-

Daniel Barton, local attorney, who may be a candidate for the office of district attorney for Contra Costa county.

LOCAL ATTORNEY CANDIDATE FOR DISTRICT ATTORNEY

Daniel Barton, whom everybody knows in this city, has about decided to permit his friends to use his name in conjunction with the office of district attorney. Mr. Barton is an attorney as everybody knows and he is said to be a good one. He has been urged by his many friends in this city to run for the office of district attorney.

There has been considerable talk about candidates for this office and many prominent attorneys throughout the county have been mentioned for the job, but thus far none of them have actually announced their candidacy. Mr. Barton, however, declares that if the people want him he will give them his services and will attend to the duties of the office in his usual thorough manner.

Barton has many friends in Richmond who will get behind him, if he really decides to enter the race and there are those who declare that he will be a winner, for he is a pioneer of the city and has a large acquaintance throughout the county.

The Mendocino Club ladies held their regular annual tea at the First Christian church this afternoon. A delightful musical program was one of the features of the event.

The rain of last night extended all over Contra Costa county and did a world of good to the farmers.

ant George D. Barulitz of the New York police force, who, in conjunction with the federal authorities, investigated the alleged frauds, which he said included thefts in other parts of the country. He asserted that a plot of nationwide proportions had been uncovered and that investigations in other cities probably would be undertaken.

The indictments are based upon evidence gathered by the federal district attorney's office in connection with the arrest about two months ago of Louis Davidson, head of the Universal Cloth Refinishing Works here.

REGISTRANTS DO NOT APPEAR FOR EXAMINATION AS ORDERED

Somebody is going to get into trouble! There is no doubt about that and the mixup is going to be between the United States government and the draft registrants who ignore the mandates of the local exemption board. But to be more explicit.

The other day the local exemption board called up a class of fifty men for physical examination and they were to appear before the board of examining physicians yesterday afternoon. Out of the fifty notices sent out to registrants, twenty-two showed up in accordance with the orders of the board. What the local draft board wants to know is why the other twenty-eight did not appear, also.

Some of the young men who have been called by the draft do not seem to regard the matter very seriously. They obey the orders of the draft boards if it happens to be convenient and if not they do otherwise. They do not seem to understand that they are dealing with the federal government and that they are subject to each and every order issued by the local board as to their movements until they are regularly enrolled in the army at some one of the cantonments.

PIONEER MATRON PASSES AWAY AT MARTINEZ

MARTINEZ, Feb. 2.—At the home of her daughter Mrs. G. W. Henderson, with whom she has made her home for the past two years Mrs. H. A. Sharkey breathed her last at 10:20 o'clock Wednesday morning. She had been ailing for the past six weeks. A severe cold which she contracted developed into other complications and on account of her advanced age, she slowly grew weaker until peacefully and quietly she laid down life's burden and passed to her last rest.

Mrs. Mary Ann Sharkey was born in Charlottesville, County Cork, Ireland on April 8, 1832. At the age of eight years she came to New York with her parents and on January 20, 1859 was united in marriage with the late Richard Sharkey. In 1864 with the members of her family she emigrated to California.

RAINS OF LAST NIGHT PROVED BOON TO THE FARMERS

Rain which reached torrential proportions in some localities prevailed throughout the state, except in the extreme north and south, during the twenty-four hours up to 7 o'clock this morning. A continuation of unsettled weather with occasional rain tonight and tomorrow, was the forecast for San Francisco, and the Bay district issued today by E. A. Beale, in charge of the district weather bureau.

Santa Barbara and vicinity received a phenomenal rainfall for the twenty-four-hour period, the rain gauges registering 5.40 inches. In the Santa Ynez River district the stream is a raging torrent and portions of the San Marcos Pass road have been washed out.

Presno, Stockton and other points in the San Joaquin which had been facing serious grain and feed crop conditions because of the long drought continued to receive substantial downpours. The cattle country in the San Luis Obispo region was also benefited by further heavy rains.

M'ADOO MAKES SWEEPING ORDER GOVERNING TRAIN SERVICE OF THE NATION

WASHINGTON, Feb. 21.—Fast passenger train competition between New York and Chicago, Chicago and St. Louis, Washington and southern points and other important passenger terminals will be eliminated soon, the railroad administration announced today. Certain roads will be selected for fast passenger trains and other lines devoted more extensively to freight traffic.

Investigation has been made by A. H. Smith, regional director for the East, to determine whether the New York Central, Pennsylvania or Baltimore and Ohio should be used for fast passenger trains between New York and Chicago. It is understood the New York Central is being considered most favorable because of heavy freight on the other two lines.

The elimination between Chicago and St. Louis is under consideration. R. H. Ashton, regional director at Chicago. By this means the railroad administration hopes to save many millions of dollars without inconveniencing passenger traffic. To hasten repair work on locomotive and railway rolling stock, an

USE SUBSTITUTES FOR FLOUR ANY WAY WANTED

WASHINGTON, Feb. 21.—Housewives may use wheat flour substitutes in any manner they wish, the food administration pointed out today in a statement declaring that some grocers have misunderstood the wheat flour substitute rule and are requiring purchasers of wheat flour to agree actually to use 50 per cent of other cereals in the bread they bake at home.

The grocer is required to sell one pound of substitute cereals with every pound of wheat flour, but the housewife is free to use the substitutes in any way she chooses. The food administration, however, has requested women to bake a Victory bread in their homes, containing 20 per cent or more of wheat flour substitutes.

Fourth street early Tuesday evening and what is more, according to information given out by the police, the silverware taken from the Grunhut was found in Bauman's room when he was arrested last night at the Imperial Hotel, where he has been living.

The burglary was discovered by the Grunhuts yesterday morning and at once their suspicions were directed toward Bauman, who had frequently visited the house. When arrested he was in his room and the silverware which he had stolen was found there.

But with all this evidence against him, it is alleged the man maintains he is innocent of the crime charged against him.

STANLEY DIMM APPOINTED TO FEDERAL JOB

Stanley Dimm, former Richmond high school student and son of Luther D. Dimm, manager of the Standard Oil company of California, has been called to Washington as lubricant expert for the United States government.

The position which young Dimm will occupy is a very important one and demands the services of a large force of men of which Stanley Dimm will be the head. He departed for Washington last night to take up the work of his new position.

600 U. S. MEN ARE SUBJECT TO BRITAIN'S DRAFTING AGREEMENT

LONDON, Feb. 21.—Approximately 600 Americans resident in the United Kingdom are subject to the draft under the Anglo-American treaty. It was announced by the American consul general, Robert P. Skinner.

There are approximately 12,000 American citizens of both sexes and all ages now resident in the United Kingdom.

BROTHERS MEET AFTER SEPARATION OF 25 YEARS

R. W. Byrn, local real estate man, was greatly surprised the other day to receive a call over the telephone from San Francisco from a brother, Rex R. Byrn, whom he had not seen for twenty-five years. He subsequently came to Richmond and the brothers spent several days recalling the days of their childhood.

Rex R. Byrn comes to the Coast from the East as a representative of an auto tire company for four of the principal coast states and will make his permanent headquarters in the city.

A. A. Winfree, departed last night for Camp Fremont, where he will remain for several days visiting his son, Richard Winfree, who is a member of the Hospital Corps at that place.

PROMINENT REALTY MAN SURPRISES HIS FRIENDS

Herbert F. Brown, the well known real estate man of this city and San Francisco was married at the First Congregational church in San Francisco, last night, the bride being Miss T. C. Westlin, who for several years has been Mr. Brown's private secretary in his San Francisco office.

Herbert Brown has been one of the chief factors in the growth of Richmond. He has been operating in the real estate of this city since the inception of the town and has become rich through his faith in the growth of the fastest growing city on the Pacific coast.

Mr. Brown and his bride departed last night for New York on their honeymoon trip and expect to be absent for a number of weeks. They will reside in San Francisco upon their return.

MRS. LUMSDEN IS OPERATED ON AT HOSPITAL IN MODESTO

Word comes from Modesto that Mrs. Lee Lumsden, formerly residing at 110 South Seventeenth street in this city was taken to a hospital in that city today to undergo an operation of a most serious nature. It is understood that the operation was resorted to by the physicians as the last hope of saving the lady's life.

The many friends of Mr. and Mrs. Lumsden will learn with regret the serious illness of the lady and will await with the keenest interest news that she has withstood the ordeal and is recovering her health. Her husband for a long time was a mechanic in one of the local garages and is now running a garage for himself in Modesto and is said to be doing well. His mother, Mrs. J. J. Lumsden, of 140 South Twentieth street departed today for Modesto to be near her daughter-in-law in her critical illness.

Should have a savings account. A spell of sickness or any emergency may cut off her income—and then the savings will prove a boon.

But aside from the bulwark it builds against the proverbial "rainy day"—a bank account provides a safe place for one's surplus earnings and enables one the better to turn down the endless stream of get-rich-quick "investments" (?) that eddies and swirls about the man or woman with a few extra dollars.

A bank account is the surest investment you can make—the returns are certain—and the principal is absolutely safe.

NEW BRITISH AMBASSADOR

The arrival of Earl Reading in Washington, who comes to the United States as high commissioner and ambassador to succeed the former British Ambassador Sir Cecil Spring-Rice, is notable as concrete recognition of America as one of the important nations of the world. England has sent one of her greatest men to this country as her representative.

The work he will do, co-operating with President Wilson and cabinet leaders in Washington in the course of the coming months, will be of the greatest importance in carrying on the war. As Earl Reading hinted in a statement given out upon his landing in New York recently, we are at the most critical stage of the war, and upon the course pursued during that time depends, perhaps, victory or defeat.

Earl Reading's life is, in itself, one of the most interesting and inspiring of the lives of Britain's statesmen. At the age of twenty-eight he had not made anything like a success of it. He had tried being a merchant, and, although he had not failed, he decided trade was not in his heart.

He is the son of a London merchant and was born in 1860. He became lord chief justice in 1913 and has been a member of the cabinet since 1912. His handling of the offices of solicitor general and attorney general brought his knighthood from the crown in 1910, and since that time England has given him all the honors it had to confer on her most favored sons.

LAYING THE HOODOO OF THE SEAS

The destruction of the Turkified German cruisers Breslau and Goeben was another proof of British persistency. The British had been "laying for" those warships ever since they ran to cover in the Dardanelles in the summer of 1914, and were used by the Germans to precipitate Turkey into the war on their side.

The failure to capture them in the first place has always been a bitter pill to the British navy. The bitterness increased with every attack they made on Russian ships in the Black sea, and with every reverse suffered by the British in the eastern war theater.

It has been said with a good show of probability, that if the Breslau and Goeben had been nabbed when they fled from Messina, Turkey would not have entered the war against the allies, Bulgaria would probably have joined the allies instead of the central empires, Greece would have gone over to the allies with little delay, Serbia would have been saved, Austria-Hungary would have collapsed under pressure from the east and south, Germany would have been isolated in the second year of the war, and the allies would have won quickly and easily. Naturally those fated ships were regarded as hoodoos.

The British kept after them; and at last they got them, just as they get about everything they go after, sooner or later.

Their final losses is a mournful omen to the Turks, and the effect will not be lost on that superstitious people.

SELL FOR CASH AND NO DELIVERY

The day is at hand when merchants must give more attention to economy and less to service. The cost of living, mounting from month to month, is reaching such heights that something must be done to retard it. The national food administration and the federal trade commission have an eye on some of the great food producing concerns and there may be interesting developments in that direction if their generally suspected profiteering is proved. But in the absence of such proof, and with no other relief in sight, there must be retrenchment in the cost of doing business.

The cash and carry plan seems the most available means of lowering the cost of living. Abolishing credit will be a great deal. It will save bookkeeping, do away with waiting 30 days or more for payment and end the bad debts which "deadbeats" inflict on merchants and which they in turn must inflict on their good customers. Doing away with deliveries will also be a great saving. They add more than most people imagine to the cost of doing business. Those stores which do a cash and carry business have proved their value in the community. Credit and delivery service have a value also, but it is one which can be dispensed with in a time like this.

"Huge salaries are ruining the movies" says a manager. Well, why not limit the salaries to a million dollars a year, and save the movies?"

Norway is not exactly happy at the manner in which the United States is refusing to let foodstuff go to that country, and they appear to think a lot of Germany in that Scandinavian country, but the king has not yet sent the kaiser a congratulatory message and mixed up the word "just cause" in the felicitation. Mr. Carranza of Mexico, however, did that very thing.

Oakland,
March 3, 1935
For about a year I suffered
from female weakness. I was
bloated, feverish and thirsty, and
had frequent hot flashes. My
head was sometimes so hot and
heavy that I was unable to teach.
After having drunk the FONG

honor of being an "all-star," but
such is the cast which was chosen to
support young Wallace Reid, in his
newest Paramount photoplay, "Nan
of Music Mountain," which is ap-
pearing on the screen of the Rich-
mond Theatre today.
Theodore Roberts, Raymond Hat-
ton, Ann Little, James Cruse, Char-
les Ogle, Guy Oliver, Horace B. Car-
penter, Henry Woodward and Er-
nest Joy are among the well-known
players appearing in this production,
which was directed by George M.
Melford and the scenario of which
was arranged by Beulah Marie Dix
from Frank Spearman's story which
appeared recently in "Everybody's
Magazine" in serial form.

**SUBSTITUTES FOR
FLOUR AND HOW
TO MIX THEM**
The following table of food val-
ues is sent out by the State Food
Administration and shows the pro-
portion of substitutes which can be
mixed with flour and still produce
bread which will be wholesome. Of
course it will be recognized as a
conservation plan. These per-
centages apply to barley, corn or rye
flour which can be mixed with wheat
and are as follows:
Gravies 100%
Dusting flour 100%
Wheat bread 15 to 25%
Rye bread 15 to 25%
Graham bread 15 to 25%
Whole wheat bread 15 to 25%
Bran bread 15 to 25%
Raisin bread 15 to 25%
Fruit bread 15 to 25%
Nut bread 15 to 25%
Brown bread 33%
Coffee cake 15 to 25%
Roll dough 15 to 25%
Pie crust 25 to 50%
Tea biscuit 20 to 40%
Crackers 25 to 35%
Doughnuts 25 to 35%
Griddle cakes 25 to 50%
Waffles 20 to 40%
Fritters 20 to 40%
Muffins 25 to 50%
Dark sheet cake 15 to 25%
Dark cookies 6.6.6. 15 to 25%
Dumplings 25 to 50%
Noodles 25 to 50%
Puddings 25 to 50%
Dr. Caroline Cook Coffin is au-
thority for the above percentages
to be added to wheat flour. Keep
this list in your kitchen and have
time and waste.

**MEAT INJURIOUS
TO THE KIDNEYS**
Take a tablespoonful of Salts. If
Back hurts or Bladder bothers
—Meat forms uric acid.
We are a nation of meat eaters
and our blood is filled with uric
acid, says a well-known authority,
who warns us to be constantly on
guard against kidney trouble.
The kidneys do their utmost to
ree the blood of this irritating
acid, but become weak from the
overwork; they get sluggish; the
eliminative tissues clog and thus
the waste is retained in the blood
to poison the entire system.
When your kidneys ache and feel
like lumps of lead, and you have
stinging pains in the back or the
urine is cloudy, full of sediment, or
the bladder is irritable, obliging you
to seek relief during the night,
when you have severe headaches,
nervous and dizzy spells; sleepless-
ness, acid stomach or rheumatism
in bad weather, get from your phar-
macist about four ounces of Jad
Salts; take a tablespoonful in a
glass of water before breakfast each
morning and in a few days your
kidneys will act fine. This famous
salt is made from the acid of
grapes and lemon juice, combined
with lithia, and has been used for
generations to flush and stimulate
clogged kidneys, to neutralize the
acids in urine so it is no longer a
source of irritation, thus ending
urinary and bladder disorders.
Jad Salts is inexpensive and can-
not injure; makes a delightful ef-
fervescent lithia-water drink, and
nobody can make a mistake by tak-
ing a little occasionally to keep
the kidneys clean and active.—Adv.

CHAMPION TOMATO GROWER TELLS SECRET OF RAISING THEM

By W. L. WALKER
Seventeen years old, of Newark, Cal., who cleared \$39.50 from one-quarter acre of tomatoes. In University of California mixed vegetable growing contest in 1917.

(Written for U. S. Food Administration)
Last year I became a member of the Washington Union High School Boys' Agricultural Club. The purpose of this organization was to arouse more interest in farming in our community and to give the younger educated farmer could surpass his ancestors in raising more and better products.

After much discussion we decided to raise tomatoes as this was one of the leading products of our section. My experience being small, I first searched thru many books, hoping

to find the necessary directions and information, on the raising of tomatoes, and also secured information as to my soil from neighboring farmers. Finally, after three weeks of study and investigation, I began the task.

On March 13, I plowed my land to a depth of 14 inches, following this with a thorough harrowing and rolling as well as a second plowing. On May 1, I set out 325 tomato plants of the Asa Jose variety in my one-quarter of an acre, placing them in rows five and one-half feet apart, with six feet between the plants.

In planting you should dig a hole eight to ten inches deep, set the plant in it, and then pack the fine, moist earth about it, being careful not to injure the delicate roots. After this, a small can of water can be added. Then place the larger pieces of earth over the damp surface. This last step is necessary for two reasons. First, the large clumps act as a support to the plant and, secondly, keep the ground from baking. The last is extremely important, because if the soil is permitted to bake around the plant, a hard crust is formed, thus shutting out the air, and plants need air as well as people.

About two weeks after planting, I gave the plants a light hoeing, being careful to remove all weeds and taking special care not to injure in any way. It is vital that the soil be kept well worked about plants at all times, permitting the free circulation of air through the soil.

On August 21, I harvested my first ripe tomato. The success of our club has been so great that we have now located in our district a fine new cannery.

NATURE STUDY TO INTEREST PUPILS SUNDAY SCHOOL

Professor O. J. Kern, of Berkeley will give a stereopticon lecture at the First Presbyterian church on February 22nd, at 7:45 o'clock. His subject will be "Nature Study," and is given for the children of the Sunday school, though everybody is invited to attend and it will all be free.

There will be a male quartette from Berkeley, a banjo player and singer, and several other musical numbers will be added to the program to make the evening a pleasant one for those who attend.

NAPA BANKER BUYS HOME IN CONTRA COSTA

MARTINEZ, Feb. 21.—Paying in the neighborhood of \$60,000 for one of the finest home properties in the San Ramon valley, Harvey P. Goodman, wealthy banker, of Napa, on Thursday closed the deal for the purchase of the Rancho Los Tres Robles, the beautiful home of Mrs. Elizabeth Dodge Hunt.

The Los Tres Robles ranch has for years been one of the show places of the northern San Ramon. The beautiful residence erected there by the deceased lumber king has from year to year been enlarged and is one of the finest in this county. The property includes 50 acres in the San Ramon grant and about 85 acres in the Canada Del Hambre. The deal was closed in Martinez, Wednesday morning and the deeds were placed on record by A. E. Dunkel, manager of the Contra Costa Abstract & Title Company.

It is reported that Goodman who is the head of the James H. Goodman bank will make extensive improvements to the property and will make it a country home.

ARMY AND NAVY WILL PLAY BASEBALL

The big Army and Navy ball game at the Coast League Park, Friday in Oakland promises to be a hum-dinger. The Grizzlies, champions of Southern California, will show in Oakland in their first time out, in this vicinity, against the fast U. S. Naval Training team from Goat Island. The game will be played for the benefit of the "Boys in Colors." Transportation and luncheon will be provided the Naval Training Station team, and a cash guarantee to Camp Kearney boys. Well known players on the Kearney team, are Earl Baldwin, who earned his spurs with the original "Ambrose-Taylor" Bush team, later signing with the White Sox, who fanned him out to Portland. Another Oakland player, is Tommy Fitzsimmons, who got his first trial with the late Happy Hogan, later going to the North West, and finally, being drafted by Brooklyn. Walter Croll the Alameda boy, one time manager and captain of the famous Great Western Power Club. Jules Pappa, and Bill Cullen will wear the Grizzlies colors Friday.

PIONEER MATRON PASSES AWAY

(Continued from page One.)
settling in Moore's Flat, Nevada county where she resided up to two years ago when she left the mountains forever to make her home where she might be closer to her sons and daughters who reside in the cities about the bay.

At the bedside of their beloved mother when she breathed her last were all of her sons and daughters, Mrs. G. W. Henderson, Robert J. and Senator W. R. Sharkey of Martinez, Mrs. J. W. Selby and J. F. Sharkey of San Jose, Mrs. J. Lebon of Richmond, Mrs. Frank D. King of Redwood City, G. W. Sharkey of Folsom and A. B. Sharkey of Alameda.

The remains are now at the Hauser parlors where they will lie in state Friday morning when they will be removed to St. Catherine's church for a requiem mass at 10 o'clock. Interment will be in the Catholic cemetery.

INTRICATE POINTS OF THE U. S. INCOME TAX STATISTICS

SAN FRANCISCO, Feb. 21.—Collector of Internal Revenue Justus B. Wardell in interpreting marital relations as they apply to personal exemption under the terms of the Federal Income Tax returns for 1917, holds that his or her status on December 31 is the determining factor.

No matter what your status on the other 364 days of 1917, you must consider just how you stood on December 31 in ascertaining whether you are required under the law to file a return; and, if such return is due, in figuring just what personal exemption you may claim under the law.

The Newlyweds.
If a person weds on December 31, he or she is considered a married person by the Income Tax regulations. And the income of both husband and wife for the entire year 1917, even though they had not been acquainted during part of that time, must be considered as their joint income. If it equalled or exceeded \$2,000, a return of their income is required.

Single Living Apart.
If on December 31 a man's wife has left him, he is a single man in the eyes of the Federal Income Tax regulations. Whether a divorce or legal separation has been secured is not the deciding factor. The fact that they are living apart permanently, or that the intention of one

for the other while living apart on December 31 is to remain apart from the other is the prime consideration.

A married person who is traveling or visiting, or living away from husband or wife without definite intention of permanently living apart, is considered a married person living with wife or husband. Their incomes are to be considered jointly.

Deceased Persons.
In a case where the husband or wife died during 1917 on any day up to December 30 the widow or widower was an unmarried person on December 31.

A return must be filed by the executor or administrator on or before April 1, if the income of the deceased husband or wife for the period of 1917 during which he or she lived was \$2,000 or over. The income of the deceased husband or wife for the period in question must be considered separately and the full personal exemption of \$1,000 is allowed on such a return.

The widow or widower in the above case is required to file a return if the personal income was \$1,000 or over for the year. And if the personal income was \$1,000 or over for the year. And if there are minor dependent children the full exemption of \$2,000 may be claimed as the head of a family plus \$200 for each dependent child under 18 years old.

Central Station Power Facilitates Production

War's demands on industry call for increased speed in production and an output many times above normal.

Government contracts for munitions, supplies, equipment, etc., are taxing the capacities of factories, large and small.

Labor, materials, fuels—all at present place before the manufacturer a series of gigantic problems never before equalled in the industrial history of this nation.

Many manufacturers are benefiting largely through the use of Central Station Power. In scores of industries it has proved its ready adaptability to the extraordinary demands of war time production.

Investigate today its particular advantages from your standpoint.
